### COUNCIL LETS MAIN STREET PAVING CONTRACT.

Council by a unanimous vote awarded the Main street paving contract to H. H. Brown, of this place at their bid of \$8,416 for 1,000 lineal feet of concrete paving. The bond firm of H. H. Brown & Co. of Cleveland turned down the bonds on their bid. The reason given was that their bid was on a basis of the bonds running to 1936, this information having been received from a bond paper. At the time council opened the bid this date was not noticed but taken for granted as being an error on the part of the stenographer. Davies, Bertham & Co., Cincinnati, take the issue at \$407. H. H. Brown are to be congratulated in securing the local contract and we feel sure they will give the property owners the best job possible as a matter of local pride in their home town. They have just completed a large state contract of concrete work and are ready to start this work at once. If the weather is favorable the new street should be open to the public in the next thirty days.

### LIBRARY NOTES.

During the summer we hope to have a story hour every Thursday afternoon. Children from six to ten years of age meet at 3 o'clock and from ten to fourteen years of age at 3:30. The best of stories will be used and every effort put forth to make the hour interesting and profitable.

At the first meeting there were thirty-eight children. The following committee was chosen by the children to draw up rules for the story hour: Lena Hastings, Marian Mitchell, Forrest Nagley, Elmer C. Jurkat, Sec. of board.

Rules for the Story Hour.  
Rule No. 1—No loud talking or laughing unless in asking or answering a question, or laughing at the story or a funny remark by the story teller.  
Rule No. 2—No walking on the grass or flower beds.  
Rule No. 3—No spitting on outside or inside of the library.  
Rule No. 4—Hats off in the library. Penalty for breaking any of these rules is suspension for one Thursday.  
Lena Hastings and Forrest Nagley were elected police.  
Marian Mitchell and Willard Barlow were elected officers.  
Oscar Evans was elected janitor.  
Signed by the board of trustees of the story hour.  
Elmer C. Jurkat, Sec. of board.

### IT'S A COLE EIGHT.

The newest automobile purchased in this section is a Cole touring car. It has a wheel base of 127 inches and rides like a palace car. It's the last word in motor car construction and the new owner, Mr. Andrew Winter, is now demonstrating it to his friends.  
Other automobiles purchased recently are a Dodge by Mr. A. C. Gordon, a small six Oakland by Mr. Frank Turner and an Overland by James Willoughby.

### CEARVILLE AMAZED

BY SUDDEN ACTION.

The incredible action of simple lavatory eyes wash is startling. A school boy had eye strain so badly he could not read. A week's use of lavatory surprised his teacher so much that she used it for her old mother. ONE WASH showed him. A small bottle lavatory is guaranteed to benefit EVERY CASE weak, strained or inflamed eyes. The IN-CREDIBLE result is astonishing. Pure aluminum eye cup FREE with each bottle. A. E. Richards, druggist. (No. 8)

### IN POLITICAL CIRCLES.

Troubles never come singly and this has proven true to the blue-sky artists who have sought to break down the only safeguard an investor had in a law being enforced in this state. For months back a Canton concern has been in the public eye due to crooked manipulation of stockholders' money if the state investigators are correct. To offset this exposure a report has been current in newspaper circles that \$75,000 was to be spent in advertising to again bring about loosened purse strings so that the blue sky agents could again play their trade on unsuspecting investors. Along about the time local people were influenced to speculate on the agents representing that only Christian business men were to handle their money things were breaking easy for the Greene county agent, who has made a fortune in commissions off of widows and orphans who cannot now realize on their holdings. The latest break is a suit brought in a New York court against J. S. Ralston, of car fame, Columbus, who is charged with alienation of the affections of Mrs. George F. Damarest, her husband suing for divorce and asking \$150,000 damages from Ralston. In the divorce suit Ralston, although charged as correspondent, made no defense and now faces damages. The fact that Ralston is a married man with a family in Columbus, has stirred political circles to the core. The present situation brings about what constitutes "a Christian business man," that T. Marshall has represented as handling the funds of hundreds in this county. These investors haven't traveled far during the past year but let's hope that the road this coming year will be longer and not so many turns.

Mr. Charles A. Davis, who has been deputy probate judge for several years is making an active campaign for county auditor. Mr. Davis was formerly a resident of Jamestown and has a wide circle of friends all over the county. As an official his record has been the best, always thorough in his work and offering every accommodation that was possible. Mr. Davis is also clerk of council in Xenia and his nomination as county auditor would be a good one.

Cedarville has always stood by her son when it came to distributing political offices and it is no exception right Joseph A. Finney, candidate for county prosecutor, will get a vote here that will send him to victory. Mr. Finney is now deputy clerk of court and has served in that capacity with credit to himself and the county. He is a graduate of the O. S. U. law school and of Cedarville College as well.

It was not necessary for such an announcement for Mr. Thomas has no opposition in the primary and its almost certain he will not have in the regular election. But "Benny" runs his campaign on the same systematic manner in which he conducts his office. That's one of the reasons why the office is seeking Mr. Thomas.

In the list of candidates probably the best known is George Sheets, candidate for Clerk of Court, who holds the reputation as being some campaigner. Mr. Sheets ran for this office four years ago and was nosed out by about 100 votes. He has more backers in Xenia city than most any half dozen of the other candidates that are seeking various offices. This was true then and without question true to-day. In that election Sheets carried every ward in the city except the Fourth, colored.

Mr. Sheets' popularity is attested by the fact that he is strongly backed by members of the Greene county bar association as well as the business and fraternal organizations in that city. His friends are making a strong campaign in his behalf in every precinct in the county.

One of Greene county's best citizens announces himself this week as a candidate for county commissioner. Mr. George Perrill, the grain dealer and prominent merchant in Bowersville. Mr. Perrill is a man of quiet disposition, conservative in business judgment and one who has always been successful for himself. If elected we are sure he would exercise the same care in county affairs.

Miss Belle Winter, who teaches at Painesville, is home for the vacation.

### ANNOUNCEMENTS.

J. A. Finney announces his candidacy for the Republican nomination for Prosecuting Attorney, subject to the Primary election August 8th.

### THE SPIRIT OF WAR.

For more than a year we have been reading of the results of war on foreign soil. During this time a neighboring country has been in turmoil and not content with internal trouble our Mexican neighbors have crossed the border and ravished American homes.

During this same time the campaign of preparedness has been conducted by financial interests that would reap the profits of this preparation. This question has been made a political issue by both of the parties and how far it should be carried was the only difference between them.

The first of the week the administration at Washington found it necessary to call upon the state troops to mass an army of 150,000 men to patrol the border and settle the disturbance in our neighboring country. Ohio like all other states has a state guard composed largely of men from the factories, offices, stores and in many instances from the farms.

These men have now been called from their various vocations to enter the government service during what appears now as a situation just as we had in Cuba and the Philippine Islands.

For many years the state guard has been looked upon as an organization of little force in that most of the members joined to get the two weeks' outing in both of the poles at the rate of \$2 a day. Employers were compelled to grant this leave of absence during the time the companies were in camp. The situation today is far different from what it was a year ago. Manufacturers have in many instances lost valuable foremen, expert bookkeepers, electricians, men that have fitted themselves for special lines of work. Their places are not easily filled especially when the country is facing a shortage of labor.

as we have been for many months. These men must enter the government service under legislation that became effective July first. They must enter for six weeks, three in active service and three in reserve in case their services are not required, if such they must continue.

But the loss to manufacturers and business interests is not to be compared to the loss of the head of a family that must leave his hearthstone and dear ones to live the life of a soldier, a unit in a great machine, where individuality is not respected, so much as for a day. Men that have held positions as clerks at \$20 a week, expert mechanics at thirty to fifty a week must now obey the call and soldier for Uncle Sam at \$17 a month. Fully fifty per cent of the members of the state guard are married men, probably ten per cent more are the main support of a mother, sister or aged father. What then must become of these families that have for years enjoyed peace, happiness and prosperity and must now level themselves to a new mode of living?

The spirit of patriotism burns in the breast of every true American when we feel that the honor of the country is at stake or some great principle must be established. Under the present circumstances it has been hard for many to become enthused over the Mexican situation knowing that the trouble and turmoil in that country has been the result of the operations of financial kings and that selfish interests have educated the people of this nation to prepare for the establishment of a militarism that will rival any nation in Europe.

At the End of Forty-Eight Hours. "Papa certainly didn't manage this European trip very well. He said we'd be in Rome two days, but he made a mistake and it's three—and now we've seen everything, and there's absolutely nothing to do for a whole day."—Lippincott's.

One Consolation. A man who knows only one funny story is a relief. You can remember where the laugh came and avoid hurting his feelings, without having to pay attention to the entire narrative.

### MORNINGS ARE

### HAPPIEST HOURS.

Get the Spirit of the Early Day Into Your Being.

Are you bright and happy in the mornings?

Catarrh is the great American ailment. Its effects are far more general than usually are understood. Catarrh of the stomach and kidneys is a most frequent cause of chronic dyspepsia and Bright's disease. Catarrhal conditions in the nose and throat in many cases, leads to deafness.

Even the lungs are affected because catarrhal inflammation finds an open way to the lung substances through the bronchial tubes.

If you are not bright, cheerful and refreshed in the mornings, catarrh probably is the cause.

The mental and physical condition of catarrh sufferers is pitiable but it is surprising how many people suffer from catarrh when they fully believe something else is the cause. Catarrh can be easily detected. Some of its commonest symptoms are: dull, throbbing headaches, watery eyes, constant sniffing, dropping of mucus into the throat at night and awakening choked and half-nauseated, sleeplessness, dizziness, fullness of the membranes, pains in the stomach, side and kidney region, faulty digestion, bad breath and coated tongue.

Tanlac was created particularly to combat catarrh. Thousands are testifying daily that Tanlac has fulfilled its mission.

Tanlac may now be had in Cedarville at the Ridgway Drug Store, where its merits are explained fully.

Tanlac may be obtained in Yellow Springs at the Finley Drug Store; South Charleston, Claude W. Deem; Jamestown, W. F. Harper; KeSayer, I. and a Hemphill.
